How it works

01

A quick first call

15 minutes to hear what you want to make, and pick the right course. No cost, no pressure.

02

Get set up

We help you choose the right software and version, and set it up together, ready for your first session.

03

Make music

One-to-one sessions at your pace, online or in Brussels, with support between sessions.

Software licences are bought by the student; we help you find the best option, including student prices. Discover is credited in full against First Track if booked within 30 days.
